# Professional Job Services

## Specialized Tagging & Sequencing Services

From tagging and identification to pick sequencing, we make sure your equipment is organized and your offloading experience is efficient.

## Specialized Skidding, Crating & Packaging

Professional stretch-film wrapping...building custom crates or skids, we can provide solutions to make sure your equipment arrives safely and intact.

## Pre-Assembly/Pre-Fabrication Set-Up Services

With overhead cranes, compressed air, excellent lighting and access to our professional shop space, we can help you to leverage the benefits of working on your stored equipment in our shop.

## Lifting Gear & Rigging Test-Pick Services

We are able to leverage our 22 overhead cranes and provide pre-lift testing for your lifting gear and rigging components, in a safe, controlled environment.

## Indoor Reclamation Set-Up & Work Space

From providing workspace for you to reclaim refrigerant from a used piece of equipment to hauling it to the scrap yard for you, we work hard to bring maximum value to you and your work.

## Special Handling & Additional Job Services

We are happy to work to accommodate your needs. If you have a special request for a service offering you don't see here, please contact us and we will be happy to try and do whatever we can to provide expert solutions. Problem Solved!

**CONTACT US TODAY TO SEE HOW WE CAN PUT OUR FACILITY TO WORK FOR YOU!**
